(s) A great proportion of the Males in the Parish of Brixham are employed in Registered vessels; hence the small number returned Twenty years old, and also the greater number of Families in the Third Class of Occupations.—(h) Buckland-in-the-Moor, and Widcombe-in-the-Moor, form a detached portion of Haytor Hundred, to the north-west.

—(i) The entire Parish of Ipplepen contains 1,164 Inhabitants, and 5,090 Acres.—(k) The increase of Population in the Parish of St. Mary Church is ascribed to its proximity to that thriving Watering-place, Torquay, which is now become a fashionable place of resort.—(l) The Parish of Woolborough includes the Township of Newton-Abbotts.—

(q) The Parish of St. Peter Tavy is mostly in Roborough Hundred, where the whole Population is now returned; the entire Parish contains 8,450 Acres.—(r) The Parish of South-Molton is defective in specification of Males 20 years old employed in Retail Trade or Handicraft; and the Families of the Agricultural Labourers seem to be returned in the Third Class of Families; but no intelligible correction of the Return

could be obtained.—(s) The Church of Plympton-Earl is dedicated to St. Maurice, and the Parish is often so distinguished.—(t) The Return of St. Mary, Plympton, mentions an Extra-Parochial Spot within the Boundary of the Parish, containing 25 Inhabitants, which are included in that Return.—(u) The increase of Population in the Parish of Plymptstock is attributed to Public Works.—(v) The Borough of

(a) The Parish of Bedlington (sometimes called Bedlingtonshire) is locally situate in the County of Northumberland, near Morpeth, and contains the Townships of Bedlington, Chambois and North-Blyth, Chop-pington, Netherton, East-Sleckburn and West-Sleckburn, each returned separately in 1801, but now (as in 1811 and 1821) included in one Return.—(b) The entire Parish of Jarrow contains 27,995 Inhabitants, and 8,640 Acres. Hedworth and Hebburn are included in the Return of Monkton and Jarrow Townships; the increase of Population (1,503) in the Township of Heworth is attributed to the opening of a new Colliery, in which near 300 Males, 20 years old, are employed; and also the establishment of new Manufactories: 1,080 Seamen in South-Shields, and

1,037 in Westoe, are properly excluded from the respective Returns; hence the preponderance of Female Population, and of Families in the Third Class. The number of Uninhabited Houses in those Town-ships is attributed to the depressed state of the Shipping interest.—(c) The entire Parish of Monk-Wearmouth contains 9,428 Inhabitants, and 5,120 Acres. The increase of Population (1,127) in the Township of Monk-Wearmouth-Shore is ascribed to increasing trade; the Families of Seamen are in the Third column of Occupations. A number of Irish Labourers, employed in Lime-kilns and Quarries, in the Township of South-wick, is the cause of the preponderance of the Male Population.—(d) The entire Parish of Washington contains 2,673 Inhabitants, and 5,130 Acres.

County of Durham.

(b) The Parish of Auckland, St. Andrew is partly in the South-East Division of Darlington Ward; the entire Parish contains 11,137 Inhabitants, and 45,470 Acres. The Townships of Barony and Evenwood were returned separately in 1821. The increase of Population (234) in those Townships is ascribed to the Stockton and Darlington Rail Road, and of 679 in the Township of Bishop-Auckland to additional Collieries: the Township of Hamsterley has experienced a decrease of Population (49), which is attributed to the dissolution of a Manufac-

tory for Edge Tools. The Township of Shildon an increase of 752, which is also attributed to the Stockton and Darlington Rail Road. The Area of the Township of Pollards-Lands is included in some of the other Townships; it is so much intermixed with them as to be inseparable, according to a letter from the Incumbent of the Parish to that effect.

(c) The entire Parish of Brancepeth contains 1,449 Inhabitants, and 21,850 Acres, besides those in the Chapelry of Whitworth, South-East Division of the Ward; a great number of Labourers are stated to have

The increase of Population (1,827 Persons) is attributed to the vicinity of the East-India and West-India Docks, which afford employment to a great number of Labourers.—(f) The Parishes of Leyton and St. Mary Woodford, have experienced a decrease of Population of 51,

and 151 Persons respectively, which is ascribed to Families leaving the Parishes for want of employment. The Parish of Walthamstow has likewise decreased 46; it is stated to be owing to a number of unoccupied houses of the higher classes.
